Dear Jeremy,

**CEDA support for 20 Infrastructure Plan**

Following on from the success of CEDA's recent event featuring Infrastructure SA Chair Tony Shepard, it is clear that getting the 20 Infrastructure Plan "right" is critical to our economic and social vitality.

To this end, CEDA shares Infrastructure SA's vision for efficient and evidence-based infrastructure planning and decisions to grow the economy, create jobs and improve liveability for all South Australians.

It is therefore my great pleasure to offer the CEDA stage over coming months and into 2020 to assist Infrastructure SA in continuing to consult, refine and ultimately release the 20 Infrastructure Plan. CEDA's broad and diverse membership accross business, government, academia and the broader South Australia community, can provide high level and diverse reach to key leaders.

Again, congratulations on undertaking this important work and I look forward to continuing to grow our relationship.

Kind regards

[DELETED]
